OPEN CLASS PARTICIPATION STATEMENT

AMERICAN ANGUS ASSOCIATION

The American Angus Association®, 3201 Frederick Avenue, St. Joseph, Mo., will participate in premiums offered for open class Angus breeding cattle classes according to the premium schedule based on the number of head shown. The premium assistance provided by the American Angus Association for participation in this show is in addition to the premiums offered by the show itself. The premium assistance should not be used to offset show expense and shall be included in the premium payments distributed by the show to the exhibitors.

A minimum of 50 head must be shown in the open class division to receive American Angus Association premium participation for the following year.

Premiums from the Association are paid only to registered Angus cattle and only if the registration number is a part of the show report provided to the Association. Therefore, all cattle should be registered at the time of entry to make certain they receive the Association’s portion of premiums. The Association does not pay on championship or any group classes, (i.e. get-of-sire, junior get-of-sire or breeder six-head).

Exhibitors must have the original registration certificate issued by the American Angus Association available for inspection at the show for each animal or another current proof of ownership issued by the American Angus Association pedigree look up. Any animal, upon check-in, which does not have a legible permanent identification mark (ear tattoo marks, freeze-branded marks or hot-branded marks) corresponding to the permanent identification mark on the registration certificate, is ineligible to show. Once disqualified due to an incorrect or illegible permanent identification mark, animals cannot be re-identified (tattooed/branded) and rechecked at the show.
Any female shown with a calf at side: the calf must be the cow’s most recent natural calf, and
the calf must be registered by show day and have proof of registration at check in.

Only one person at a time shall lead an animal into the show ring.

Exhibitors who participate in shows that accept premium monies contributed by the American
Angus Association are subject to the Association Rules as found in the Breeders Reference
Guide of the Association. These rules are found in Part 2; Association Rules. The rules
relating directly with the exhibition of Angus cattle are Part 2: Association Rules; Rule 800
Series; including Rule 800 - 810. These rules can be found at www.angus.org.

Altering the conformation and/or appearance of an animal for exhibition is prohibited. This
includes the use of chin straps, covering of white skin, false tail heads (or use of any false hair),
with the exception of false tail switches. The use of graphite, powders, hemp or other similar
substances used externally are also prohibited. Other prohibited products include those used
internally such as steroids, illegal or unlicensed pharmaceuticals or artificial filling. Any animal
found to be in violation will be barred from showing.

At any show for which the American Angus Association appropriates funds toward the
payment of premiums, no exhibitors, individuals assisting exhibitors or member owners at such
show shall be allowed to use any coloring agents, on any animal exhibited. The Association
may adopt and implement various tests designed to monitor this prohibition, including but not
limited to a “white towel” or “white glove” test. No aerosol cans or other pressurized containers
will be allowed in designated line up areas.

All animals exhibited are subject to DNA marker or blood type test to verify accuracy of
parentage as covered under the Association Rules and for other testing as required by the
individual show.

Authorized representatives of the Association have the authority to enforce the rules set forth
herein as well as in the Association Rules, including the barring of a registered animal from a
livestock show at which it is to be shown, if there are reasonable grounds to believe a violation
has occurred.

SPECIAL RULES

All animals to be eligible for an Open Charolais Breeding Class must be purebred and registered with American-International Charolais Association. Only bona fide (original) certificates of registration will be accepted as evidence of registration and ownership; NO PHOTOCOPIES.

An animal is eligible to enter or compete in an open Charolais breeding class if registered in country of origin outside the U.S. and is eligible for purebred registry in the AICA Herdbook.

Animals registered in the AICA Colored Division Registry (QF and QM initialed registration numbers) must meet the parameters of the AICA Color Card.

All animals to be eligible may be approved by a sifting committee designated by the AICA. Stall space will not be provided for any Charolais cattle that have not been accepted by the sifting committee.

All animals are subject to a medical examination in order to determine age, and each animal will be present in the show ring in its natural conformation without alteration or modification. Use of artificial tailheads is not permitted.

Any animal not having a legible tattoo or firebrand number is ineligible and will be barred from showing.

All animals shown in individual classes must be weaned, with the exception of the Cow/Calf class and calves at the side of females calved after September 1, 2012. Alteration or modification shall be defined to include any surgical, chemical, electrical or other appearance change (including branding or other circulatory constriction) for cosmetic purpose, save only branding, tattooing, foot trimming or dehorning. The act of artificially filling animals internally, which would include stomach pumping, drench tubes or any other method per os (by esophagus) is prohibited. Silicone injection or other injection for cosmetic purpose shall be prohibited. Anabolic steroid use shall likewise be prohibited and any animal testing positive for anabolic steroid or diuretic use shall be presumed to be altered and modified.”

Effective October 22, 2004, at any American-International Charolais Association (AICA) sanctioned show (including shows receiving AICA premium funding and/or qualifying as a Roll of Excellence Show), the use of a coloring agent, flock and powder is prohibited. Use of these products will result in the immediate disqualification of a given animal at such show.

AHCA Policy concerning the Fitting of Highland Cattle for the Show Ring
It is neither the desire nor the business of AHCA to act as a show ring policeman. It is however, within the scope of AHCA’s responsibilities to maintain the purity of the breed and by extension, act to ensure the preservation of those characteristic deemed unique to Highland cattle. This includes presenting breeding cattle to the public that do exhibit those unique breed characteristics. It is also within the scope of AHCA’s Responsibilities to mediate and ensure ongoing contentment within its constituency. Highland Cattle possess unique characteristics not found in other breeds of cattle. Some of these are physical characteristics that permit the instant recognition of the breed. Attempting to alter the physical appearance of Highland breeding show stock by the excessive removal of hair is not an acceptable procedure at an ROE recognized Highland show. Clipping, shaping and increasing hair volume are all common and accepted cosmetic procedures permitted to purebred breeding stock. However, excessive clipping or blocking will not be tolerated in the show ring except for market animals. AHCA understands that “excessive clipping and blocking” are subjective terms open to individual interpretation. None-the-less, AHCA expects that all participants in ROE Highland Shows will exercise restraint in the removal of hair for the purpose of showing Highland breeding stock.

Only fullbloods and purebreds will be allowed to show in SOE shows. Purebreds shall have the color and characteristics of the Piedmontese breed.

At SOE shows, other than the breed’s National Show, SOE points are credited to both the sire and the dam of a calf in individual classes. The National Show points will be double the amounts shown below. Points will be awarded as follows:

1. Classes with 5 animals or more will be awarded points as follows: 1st place 5 points; 2nd place 4 points; 3rd place 3 points; 4th place 2 points; 5th place 1 point. Classes with fewer than 5 animals will receive points with the 1st place entry receiving points based on the total number of animals in the class, and the last entry receiving 1 point.

2. Division Champions (Calf, Junior and Senior) receive 2 additional points.

3. Division Reserve Champions receive one additional point.

4. Grand Champions will receive 5 additional points.

5. Reserve Grand Champions will receive 3 additional points.

6. Sires and dams in the group classes with 5 entries or more will be awarded points as follows; 1st place 5 points; 2nd place 4 points; 3rd place 3 points; 4th place 2 points; and 5th place 1 point. Sires that accumulate at least 100 SOE points based on show ring winnings of their calves at SOE shows qualify for Gold Trophy sire awards.

Dams must accumulate at least 35 SOE points to attain Gold Trophy dam status, and her points must be earned by more than one individual offspring.

To qualify for SOE status, a show must have 20 entries shown the previous year. They must maintain at least 20 entries showing to keep SOE status.

Official SOE point tabulations will be processed by the PAUS Show Committee Chair and verified by the PAUS office at the end of the show season. Specially designed awards for qualifying Gold Trophy sires and dams will be presented at the PAUS national meeting.

The Gold Trophy sire and dam distinction will be imprinted on their registration papers.
The following classes will be offered at all SOE shows. No changes will be allowed or points will not be awarded. Birth dates for classes will be adjusted to fit the season of the show.
