INSTRUCTIONS FOR ENTERING LIVESTOCK
OVER THE INTERNET

For your convenience and to assist our data processing work load, we have online entering for the NAILE with fee payments by credit card.

Please read all the rules in the Premium Catalog that apply to your show. All deadlines will still be enforced for on-line entries. Please note that there are different entry fees and entry deadlines for some breed’s shows. Many breeds require fees to be sent elsewhere. That policy will still apply.

Several shows do NOT require all the pedigree information on the animal. Some examples are the Steers, Pen of Three, Swine, Market Lambs, Wool, and Lead Line. With these entries make sure you enter the division and class and complete the exhibitor, owner, and fee information.

You will NOT be able to purchase blocking chute permits, exhibitor, season or parking passes UNLESS you have animals entered. DO NOT enter ANY GROUP classes. If an animal is to be entered in both the Junior & Open shows it must be entered twice to place it in each division. Exhibitor and owner names are required and can be different names. The terms ‘Division’ and ‘Section’ are the same.

Please DO NOT duplicate your entry by mailing and/or faxing the same information. We WILL acknowledge all entries by mailing a receipt with all your entry information, credit card receipt, and other information. This should follow in about a week after receiving your entry.

If you must call us, use 502-595-3166 or 502-367-5293; fax 502-367-5299; e-mail jzinner@ksfb.ky.gov.

Please understand that it may be difficult to locate your entry, due to the high volume, until it is completely processed and filed.

To enter and get more instructions go to www.livestockexpo.org and look for Register On-line link. There will be a $25 service charge on declined credit cards.

Dear friends,

Welcome to the 41st annual North American International Livestock Exposition. You are among more than 200,000 visitors, exhibitors, buyers, vendors, and youth from the United States and around the world who have come to Louisville, Ky., for the world’s largest all-breed, purebred livestock show.

As always, we at the Kentucky Department of Agriculture are pleased to do our part to make the North American a successful event. If you see a person wearing a shirt with a Kentucky Proud logo, please thank that KDA employee for the job he or she is doing during the 14 days of this event.

Personnel from the Office of the State Veterinarian check the health papers of every animal that enters the Kentucky Exposition Center grounds. These dedicated folks are charged with preventing livestock disease from entering the Commonwealth. Many of them have decades of experience, and I commend them for their sterling track record.

You also will see employees from the Division of Show and Fair Promotion and other KDA divisions making sure the shows and sales run as smoothly as possible.

While you are here, make your way to Freedom Hall for the North American Championship Rodeo. Support our youth as they compete in the judging contests. Visit the Giant Country Store.

It all happens in the Kentucky Exposition Center, one of the leading facilities of its kind in the nation with 1.2 million square feet of enclosed, climate-controlled space. The KEC is near Louisville International Airport and two major highways, and it’s a short distance from numerous Louisville attractions.

Please let me or any member of my staff know if we can help you in any way. Enjoy your stay at the North American.

Sincerely,

James Comer
Commissioner of Agriculture
Commonwealth of Kentucky
Greetings:

The Kentucky Exposition Center will host the 41st annual North American International Livestock Exposition (NAILE) November 8-21, 2014. The world’s largest annual purebred livestock show hosts more than 200,000 people and sets the standard for excellence in livestock production across the nation.

Throughout the course of the 14-day event, more than 140 regional and national livestock shows, sales, judging contests, breed meetings and entertainment events will showcase the best the livestock industry has to offer. In addition, the NAILE focuses on education, showcasing the youth as the future of the industry. The show’s field trip program each year offers thousands of students the chance to participate in interactive learning stations to better understand how the livestock industry affects our everyday lives.

On behalf of the Commonwealth of Kentucky, I welcome you to our great state. We invite you to experience our unique brand of bluegrass hospitality and to explore the many attractions Kentucky has to offer.

Thank you for your continued participation in the North American International Livestock Exposition.

Sincerely,

Steven L. Beshear
Dr. David R. Hawkins is the 366th inductee into the Saddle & Sirloin Club Portrait Collection. Native Ohioan David Hawkins earned his bachelor's degree in animal science from Ohio State University in 1963 and remained at the school to obtain his master of science degree in animal breeding and genetics. He accepted a teaching assistantship at Michigan State University, where he completed a Ph.D. in ruminant nutrition in 1969. Dr. Hawkins joined the MSU faculty as assistant professor and head of the Upper Great Lakes Regional Beef Cattle Project, Marquette. In 1971, he moved to the East Lansing campus, rising to full professor and coordinator of undergraduate programs, with responsibility over course and curriculum development. As faculty coordinator of the Beef Cattle Teaching Center, Hawkins developed a world-recognized source of superior beef cattle. The Michigan Cattlemen's Association recognized him as Seedstock Breeder of the Year in 2001. Hawkins coached the MSU Intercollegiate Livestock Judging Team for several years in the 1970s and continued to serve as mentor to subsequent judges in the program.

From 1996 to 2005, Dr. Hawkins was superintendent of the national judging contest at the North American International Livestock Exposition. In demand as a judge, he is the only person to have twice judged national Angus shows at the NAILE and the National Western Stock Show. The American Society of Animal Science has honored David Hawkins with Distinguished Teacher, Animal Industry Service, and Fellow in Teaching awards. In 2011, he was the recipient of the Distinguished Alumni Award from Ohio State, and the following year, OSU inducted him into the Animal Science Hall of Fame.

Protests will be considered by the Executive Committee as quickly as possible and their decision in the matter shall be final.

NATIONAL CODE OF SHOW RING ETHICS

*Rule 24.* Exhibitors of animals at livestock shows shall at all times deport themselves with honesty and good sportsmanship. Their conduct in this competitive environment shall always reflect the highest standards of honor and dignity to promote the advancement of agricultural education. This code applies to junior as well as open class exhibitors who compete in structured classes of competition. This code applies to all livestock offered in any event at a livestock show.

All youth leaders working with junior exhibitors are under an affirmative responsibility to do more than avoid improper conduct or questionable acts. Their moral values must be so certain and positive that those younger and more pliable will be influenced by their fine example. Owners, exhibitors, fitters, trainers and absolutely responsible persons who violate the code of ethics will forfeit premiums, awards and auction proceeds and shall be prohibited from future exhibition in accordance with the rules adopted by the North American International Livestock Exposition. Exhibitors who violate this code of ethics demean the integrity of all livestock exhibitors and should be prohibited from competition at all livestock shows in the United States and Canada.

The following is a list of guidelines for all exhibitors and all livestock in competitive events:

1. All exhibitors must present, upon request of fair and livestock show officials, proof of ownership, length of ownership and age of all animals entered. Misrepresentation of ownership, age, or any facts relating thereto is prohibited.
2. Owners, exhibitors, fitters, trainers, or absolutely responsible persons shall provide animal health certificates from licensed veterinarians upon request by fair or livestock show officials.

3. Junior exhibitors are expected to care for and groom their animals while at fairs or livestock shows.

4. Animals shall be presented to show events where they will enter the food chain, free of violative drug residues. The act of entering an animal in a livestock show is the giving of consent by the owner, exhibitor, fitter, trainer and/or absolutely responsible person for show management to obtain any specimens of urine, saliva, blood, or other substances from the animal to be used in testing. Animals not entered in an event which culminates with the animal entering the food chain shall not be administered drugs other than in accordance with applicable federal, state and provincial statutes, regulations and rules. Livestock shall not be exhibited if the drugs administered in accordance with federal, state and provincial statutes, regulations and rules affect the animal’s performance or appearance at the event.

If the laboratory report on the analysis of saliva, urine, blood, or other sample taken from livestock indicates the presence of forbidden drugs or medication, this shall be prima facie evidence such substance has been administered to the animal either internally or externally. It is presumed that the sample of urine, saliva, blood, or other substance tested by the laboratory to which it is sent is the one taken from the animal in question, its integrity is preserved and all procedures of said collection and preservation, transfer to the laboratory and analysis of the sample are correct and accurate and the report received from the laboratory pertains to the sample taken from the animal in question and correctly reflects the condition of the animal at the time the sample was taken, with the burden on the owner, exhibitor, fitter, trainer, or absolutely responsible person to prove otherwise.

At any time after an animal arrives on the fair or livestock show premises, all treatments involving the use of drugs and/or medications for the sole purpose of protecting the health of the animal shall be administered by a licensed veterinarian.

5. Any surgical procedure or injection of any foreign substance or drug or the external application of any substance (irritant, counterirritant, or similar substance) which could affect the animal's performance or alter its natural contour, conformation, or appearance, except external applications of substances to the hoofs or horns of animals which affect appearance only and except for surgical procedures performed by a duly licensed veterinarian for the sole purpose of protecting the health of the animal, is prohibited.

6. The use of showing and/or handling practices or devices such as striking animals to cause swelling, using electrical contrivance, or other similar practices are not acceptable and are prohibited.

7. Direct criticism or interference with the judge, fair or livestock show management, other exhibitors, breed representatives, or show officials before, during, or after the competitive event is prohibited. In the furtherance of their official duty, all judges, fair and livestock show management, or other show officials shall be treated with courtesy, cooperation and respect and no person shall direct abusive or threatening conduct toward them.
8. No owner, exhibitor, fitter, trainer, or absolutely responsible person shall conspire with another person or persons to intentionally violate this code of ethics or knowingly contribute or cooperate with another person or persons either by affirmative action or inaction to violate this code of ethics. Violation of this rule shall subject such individual to disciplinary action.

9. The application of this code of ethics provides for absolute responsibility for an animal’s condition by an owner, exhibitor, fitter, trainer, or participant whether or not he or she was actually instrumental in or had actual knowledge of the treatment of the animal in contravention of this code of ethics.

10. The act of entering an animal is the giving of consent by the owner, exhibitor, fitter, trainer, or absolutely responsible person to have disciplinary action taken by the fair or livestock show for violation of this Code of Show Ring Ethics and any other rules of competition of the fair or livestock show without recourse against the fair or livestock show. The act of entering an animal is the giving of consent that any proceedings or disciplinary action taken by the fair or livestock show may be published with the name of the violator or violators in any publication of the International Association of Fairs and Expositions, including *Fairs and Expositions* and any special notices to members.

11. The act of entering an animal in a fair or livestock show is the giving of verification by the owner, exhibitor, fitter, trainer, or absolutely responsible person that he or she has read the IAFE National Code of Show Ring Ethics and understands the consequences of and penalties provided for actions prohibited by the code. It is further a consent that any action which contravenes these rules and is also in violation of federal, state, or provincial statutes, regulations, or rules may be released to appropriate law enforcement authorities with jurisdiction over such infractions.

### Required Performance Data

**Rule 25.** In order to emphasize the use of, as well as, the need for performance data in beef cattle production, the following procedure will be maintained for all breed shows and the Junior Heifer Show. All animals will be weighed prior to entering the show ring. Each class will be called for separately to be weighed approximately one class prior to entering show ring. The total weight, as well as, the weight per day of age will be recorded on a card and placed in the exhibitor’s harness. No bull can enter the show ring for competition without the weight card. The weighing of females will be at the discretion of each Breed Association. All junior show heifers will be weighed.

**ALL ANIMALS WILL ENTER THE SHOW RING ACCORDING TO AGE AS DIRECTED BY THE BREED SUPERINTENDENT.**

**Rule 26.** NURSE COWS: Nurse cows are not permitted at the NAILE; only cows nursing their natural calves and which are entered in the show in the Cow/Calf Class, Senior Yearling or Junior Yearling Heifer Classes are permitted.

**Rule 27.** It is mandatory that all exhibitors cooperate with Judging Contests officials in providing animals for use in the various judging contests.

**Rule 28.** All group entries are to be made at the show when entries are checked.

**Rule 29.** In the Beef Department, no more than one fan (overhead preferred) per three head of cattle will be allowed. No fans will be allowed in the aisles. Also, no portable generators are allowed in the building.
Rule 30. Breed Registration: An animal is eligible to enter or compete in the North American in only one breed classification regardless if the animal is registered with one or more breed associations or registries. Percentage animals with more than one set of registration papers must be exhibited as entered on original entry form. Percentage animals must be exhibited in the same Open and Junior Breed Show. No switching between breeds will be allowed. Furthermore, the animal must be registered in the recognized U.S. registry for their breed classification or if registered in country of origin outside the U.S., the animal must be eligible for registry in the recognized U.S. registry. Red & White dairy cattle are eligible to enter both the Red & White Show and the Holstein Show. Exhibitors of Red & White Cattle must designate at check-in which show their animal will be shown in. Check-in is the time when breed representatives come to your stalls in the barn to check cattle, prior to the show date. No changes will be permitted after a breed is designated.

Rule 31. Dogs will NOT be permitted on the grounds of the Kentucky Exposition Center during the course of the North American International Livestock Exposition except those under leash control of the owner. Any dog running free will be impounded and removed from the grounds.

Rule 32. Any publications or lists prepared by the NAILE management are to be informative only and are NOT to be considered as legal documents of title or ownership.

Rule 33. If any damage, loss or injury to person or property shall be caused by reason of any neglect or willful act of any person, firm, or corporation, or their agents, representatives, servants, or employees having license or privilege to exhibit, or occupy any space on the North American International Livestock Exposition grounds, the North American International Livestock Exposition shall, in no manner, be responsible therefore, and in case it be subjected to any expense or liability, all persons causing same, or liable therefore, shall indemnify the NORTH AMERICAN INTERNATIONAL LIVESTOCK EXPOSITION.

Rule 34. All transit animals will require identification, health papers, and bill of sale to be on the grounds and must obtain a release from the Division of Animal Health before leaving grounds.

Rule 35. Aerosol spray cans are banned from the show ring and make up ring.

Rule 36. Health papers will be checked on all livestock before they enter the buildings. Please have health papers with your animals and watch for signage with instructions.
